TAX CREDIT

The American Recovery and Reinvestment Act of 2009 “The Stimulus Package”
Notice 2009-53

IRS code section 25C, http://www.irs.gov/irb/2009-25_IRB/ar10.html

States that certain non business energy property can qualify for a federal income tax credit.

Under some conditions, we can design an “insulation system” that includes wooden shutters

that can qualify for a tax credit up to \$1500.

The credit is computed as 30% of the total cost or \$1500., whichever is less.

Not all shutters qualify so ask your Los Angeles Shutter Company professional for advice.
